# BIG SUNDAY

Big Sunday connects people through helping. We believe that absolutely everyone has some way that they can help somebody else. That's why we produce or promote more than 2,000 giving-back events annually.

Even better, each year we engage, empower and unite more than 50,000 people of all ages, races, religions, means, sexual orientations and political bents to celebrate what we share, while making the world better for one another.

We hope you can join us. After all, we're all in it together.

---

From G.A., a volunteer, who wrote us after a recent Big Sunday event and who captures what Big Sunday is all about:

*I'm trying to think of the last time I was around so much happiness and positive energy.*

*It was truly a wonderful way to give back.*

*And look forward.*
