BIG SUNDAY

Big Sunday connects people through helping. We see the world not as "haves-and-have-nots" but as "haves-and-have-mores".

Everyone has some way that they can help somebody else, and we all have to look out for one another.

We are incredibly proud of how many people we're able to help – and equally proud of the endless opportunities we provide for folks to help others.

But what thrills us the most is that in a divided and divisive world, we've been able to engage, empower and unite good-hearted people of all ages, races, religions, means, sexual orientations and political bents in the name of respect, understanding, and kindness.

In these very challenging times, we think that's more important than ever. So we wanted this year's gala to be a warm and wonderful party celebrating Big Sunday's diversity, inclusiveness and love of a good time for all.

We are delighted to invite you to a totally fun, only-in-LA evening where we can all enjoy good food, great music, a lot of laughs, and the unbeatable company of one another. We hope you can join us!
