# BIG SUNDAY

Big Sunday connects people through helping.

We see the world not as "haves-and-have-nots" but as "haves-and-have-mores".

Everyone has some way that they can help somebody else and  
we all have to look out for one another.

This past year we have all faced a world of challenges.

Big Sunday is very proud of the countless ways in which we  
pivoted, shifted and adapted to  
fill many needs and meet many moments.

Even better, we continued to fulfill our goal of  
engaging, empowering, connecting and uniting  
thousands of people of all ages, races, religions, means,  
sexual orientations and political bents to celebrate  
what we share, while making the world better for one another.

As we move into this new time with  
some uncertainty but much optimism,  
we hope you will be able to support us.
